

Here is how you deal with a bossy dog

If your dog is a bully, never let him walk alone in the park. This is too much of a danger for your dog and the other dogs in the park.

Teach him a play style.

Something that is indoors. This way, your dog gets less time to meet other dogs and when he does he sure wouldn't want to scare them off.

If your dog is making a facial grimace at another dog, take him away from the spot.

Train your dog in such a way that he would listen to you all the time no matter what the situation is.

Dogs become bullies mostly

because they do not get enough attention at home. Show them all the love that you can.
